

Carl Fura

Commercial Director

Management biography

Carl Fura
Commercial Manager

Carl has considerable experience of the access and scaffolding sector with a track record of achievement stretching more than 35 years. He is a qualified scaffold inspector, advanced scaffolder and IOSH health and safety professional. Carl has held senior executive positions with Interserve, Thyssenkrupp Palmers and Mark Group.

Carl has wide experience of commercial, industrial and residential scaffolding contracts across the UK. He has gained significant experience in tackling fast moving contracts that demand an integrated project team to control cost and programme objectives in a safe and productive environment.

At Godiva Carl is responsible for the commercial activities of the business and provides support to the operations and contracts teams in the day to day running of projects. His strong management, communication and organisational skills gained in a contracting services environment are an integral part of the management team.
